

LYMPH 0 FIT™

Lymph relief bandage London 1100

Indication

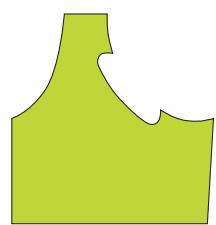

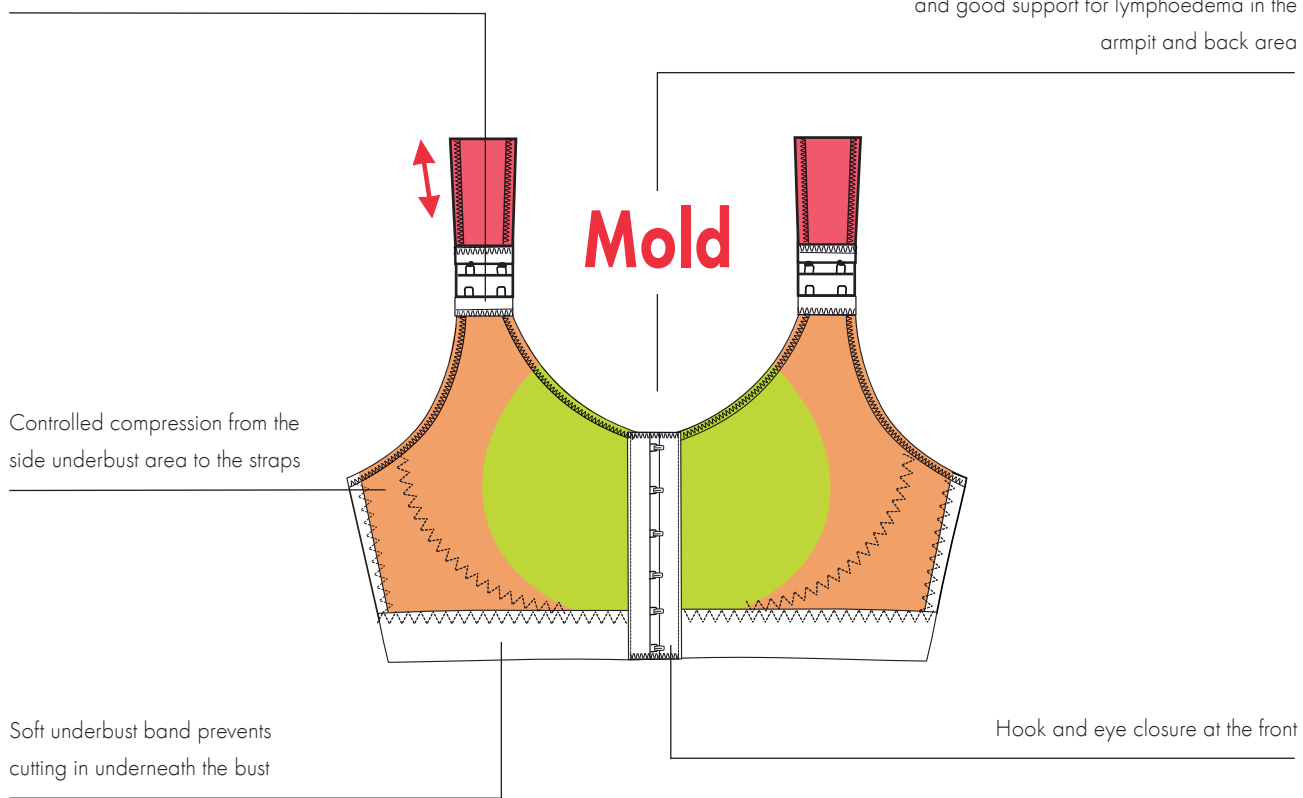

- Lymph congestion in the breast and thorax area

Application

- Prevents against lymphatic congestion/lymphoedema
- The special 3D dot texture creates a massaging and draining effect on the dermis and the smaller lymph vessels
- Flap 1110 can also be incorporated (following ablation)

3-way adjustable hook and eye closure in the strap

Cut high in the back for 360° compression and good support for lymphoedema in the armpit and back area

Lymph O Fit™ 1110LP/RP

- Flap 1110 can also be incorporated (following ablation)
- optional addition
- 70% PA, 30% EL
- 40° C washable, wash on delicates cycle
- Size chart see page 47
